

Why do we do what we do?....

SAFE & HEALTHY HOUSING

Our staff has carefully assessed all community members who receive assistance from Hinton Center, evaluating each request that we receive based on need and circumstances.

Hinton focuses outreach in three counties: Clay, Cherokee, and Towns (GA), where many folks rely on limited, fixed income through retirement, disability, unemployment, or underemployment.

SAFE & HEALTHY HOUSING

Teams serve for one week working on a variety of safe and healthy home repairs in the local, Appalachian community.

Projects may include, but are not limited to, accessibility ramps, porches, steps, underpinning mobile homes, painting, floor repair, grab bars, firewood, and yard work.

DID YOU KNOW...?

Your zip code is a better predictor of health than your genetics. We're striving for a better quality of life for everyone in our community.
