**IMPACT REPORT 2024**  
**OVERALL STAR RATINGS**

Goal: to raise the majority of homes to 3 stars or above, meaning they have 9 or less health/safety concerns identified in their home.

**80 Homes Rated**

**67% of homes saw an increase in number of concerns.**

STAR RATING	DESCRIPTION	# CONCERNS IDENTIFIED
★	House provides basic shelter from elements, but has <b>30 or more</b> health and/or safety concerns identified.	25+
★★	House provides <b>shelter</b> from elements, but has <b>20 or more</b> health and/or safety concerns identified.	10-24
★★★	House provides <b>shelter</b> from elements, but has <b>5 or more</b> health and/or safety concerns identified.	5-9
★★★★	House provides <b>shelter</b> from elements, has <b>climate control</b> , and has <b>fewer than 5</b> health and/or safety concerns identified. House has also <b>been tested or is known to be free</b> from at least two of the three: asbestos, lead, and/or radon.	0-4
★★★★★	House provides <b>shelter</b> from elements, has <b>climate control</b> , has a <b>safe and healthy environment</b> , and has additional <b>weather and energy-saving</b> aspects. House <b>does not</b> have asbestos or lead paint, and has safe levels of radon. House has <b>reliable</b> internet.	0-4

**IMPACT REPORT 2024  
PARTICIPATION IN HEALTHY  
OPPORTUNITIES PILOT PROGRAM**

In 2024, Hinton Center completed **over 50 environmental exposure assessments** and **assisted 44 members** through the Healthy Opportunities Pilot Program.

Environmental  
Exposure  
Assessments are  
Safe & Healthy  
Homes checklists  
looking for specific  
HOP-related  
information.

Work completed  
included accessibility  
ramps, porches, and  
hiring contractors for  
roofing, plumbing,  
flooring, and  
heating/air.

**HOP IMPACT AREAS**

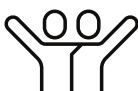

**Fresh and Healthy Food**

**Safe Housing and Living Conditions**

**Reliable Transportation for Nonmedical Needs**

**Personal Safety and Healthy Relationships**
